

The background of the slide features a close-up, high-angle view of several AMP Dynamic Series connectors. These are dark grey, multi-pin connectors with a complex, interlocking design. Some connectors are plugged into a larger, rectangular housing, while others are shown separately. The lighting is dramatic, with strong highlights and deep shadows, emphasizing the mechanical details of the connectors. A horizontal band of color, transitioning from dark blue to brown, runs across the middle of the image, serving as a backdrop for the central text.
