Non EMC DIN-Based VectorPaktmSubracks

Vector subrack packaging for 19" systems offers a versatile and comprehensive solution to your packaging needs. Based on DIN 41914, all parts conform to a system which allows your unique design to be constructed from a combination of standards. You may mix different module sizes and add accessories without the need for special designs. Subracks and accessories are available "off the shelf", affording you short lead times for on time completion of your project.

COMPLETE DIN SUBRACKS FULLY ASSEMBLED OR KITS

CCK Card Cage (subrack) frame only kit including sidewalls, front, rear and rear-center extrusions, all nut strips, backplane insulators and assembly instructions. CG1-series VectorPaktm card guides sold separately. Guide positions are variable at 1HP (0.200") horizontal increments.

CCA Card cage (subrack) frame only described above, but factory assembled.
