FloorPort Activation Covers for power, communication, and A/V.

Redesigned Service Fittings
Supply the Versatile Workstation

FloorPort Service Fittings for Resource RFB® Series Floor Boxes, Walkercell® Cellular Raceway, and Walkerdeck Systems provide flexibility in recessed and furniture feed applications. The enhanced design also increases the ease of use and color options while continuing to exceed UL scrub water requirements.

These covers are ideal for use in a wide variety of applications including educational facilities, airports, and commercial and institutional office buildings. The covers are UL Listed to U.S. and Canadian safety standards and are fire classified for use on Walkerdeck Systems and Cellular Decking Systems in accordance with Floor-Ceiling Design Numbers D739, D832, and D858. Consult the factory for specific fire classified designs.

Features & Benefits

- **Full sized self-closing recessed handle.** Handle design provides ease of opening yet remains out of the way when cover is closed.

- **Hinge and latch with enhanced durability.** Hinge enables covers to open a full 180° to lie flat on the floor for easy access to all compartments.

- **Flanged and flangeless styles.** Flanged version is used on carpeted floors to prevent fraying of carpet. Flangeless covers are used in tile applications where the cover will be exposed to heavy loads, offering the right style for the right application.

- **Furniture feed options.** Available with 1″ trade size screw plug and one combination 1 1/4″ and 2″ trade size screw plug. Provides large capacity for feeding both power and communication cabling.

- **Versatile application for use on both RFB Floor Boxes and Walkercell® Cellular Raceway Systems.** Accommodates areas requiring both high and low concentration of floor outlets, so designers can attain a coordinated look.

- **All metal construction.** All components are die-cast aluminum to provide high durability and load capacity.

- **Two large egress openings.** In addition to accommodating additional space required for cable egress, positive stops on egress blocks in open (up) position provide added protection to cables.

- **Expanded color options.** Now available in durable powder coat painted nickel, bronze, brass, grey, and black, as well as a brushed aluminum finish which provides more aesthetic alternatives.

- **Buy America Act/NAFTA version.** FloorPort Series Service Fittings are now available in a version that complies with the Buy America Act and NAFTA requirements.

- **TopGuard Protection.** An integral design which keeps out water, dirt, and debris from both the power and communication compartments eliminates the need to install additional gasketing.

- **Datacom connectivity options.** Accepts industry standard and proprietary devices from a wide range of manufacturers to provide a seamless and aesthetically pleasing interface for voice, data, audio, and video applications at the point of use.

Vertical Markets

- **Commercial**
- **Education**
- **Retail**

FloorPort Series Cover Assemblies Accessories Ordering Information

Catalog No./Item	Description/Specifications
PKKIT	**Barrier Kit** – Used to separate power and communication wires in partition feed covers. Supplied with base and three extensions to adjust to cover height. Kit should be used on PK Presets (Walkercell, Walkerdeck). Kits are sold separately. **Country of Origin: USA**
RFBKIT	**Barrier Kit** – Barrier kit used to separate power and communication wires in partition feed covers. Supplied with base and three extensions to adjust to cover height. Kit should be used on RFB2, RFB2-OG, RFB2-SS, RFB4 and RFB4-SS Floor Boxes. Kits are sold separately. **Country of Origin: USA**
RFB6KIT	**Barrier Kit** – Barrier kit used to separate power and communication wires in partition feed covers. FloorPort Partition Feed Covers sold separately. **Country of Origin: USA**
RFB4EKIT	**Barrier Kit** – Barrier kit used to separate power and communication services in combination with a 6CFFTC Furniture Feed Cover. (sold separately). **Country of Origin: USA** **NOTE: For use with RFB6 Series Floor Boxes only.**
RFBCIKIT	**Barrier Kit** – Used with RFB4-CI Floor Boxes. Kits are sold separately. **Country of Origin: USA**
FP-CTR	**Bare Concrete & Terrazzo Ring** – Nonmetallic ring for use on bare polished concrete and terrazzo floor applications. **Country of Origin: USA**

| Catalog No./Item	Description/Specifications
S3AXBP	**Blanking Plate** – Aluminum top plate with steel support plate and four (4) adjusting screws. **Country of Origin: USA**
WPACR-1G	**Internal Bracket** – Two duplex receptacle brackets, receptacle insulators, power grommets, and bend radius control grommets. Communication brackets ordered separately. **Country of Origin: USA**
DTB-2-2A	**Communication Bracket** – Plastic clips on back of bracket provide cable storage loop. For use with WPACR. Activate 2A jacks snap directly into bracket. **Country of Origin: USA**
DTB-2-B	**Communication Bracket** – Blank bracket for customization in field. For use with WPACR. Wiremold Open System inserts sold separately. **Country of Origin: USA**
DTB-2-4TKO	**Communication Bracket** – Four knockouts for RJ style jacks. For use with WPACR. Wiremold Open System inserts sold separately. **Country of Origin: USA**
DTB-2-2AB DTB-2-2RT	**Communication Bracket** – Bracket for Activate (DTB-2-2AB) or Ortronics® (DTB-2-2RT) devices. Ortronics® and Activate adapters included. **Country of Origin: USA**

FloorPort Activation Accessories for Use with Walkercell and Walkerdeck Systems

Catalog No./Item	Description/Specifications
WPACR-1G (Shown)	**Internal Bracket** – Two duplex receptacle brackets, receptacle insulators, power grommets, and bend radius control grommets. For use with recessed activations. Communication brackets ordered separately. See previous page. **Country of Origin: USA**
WPACR-2G	**Internal Bracket** – Two 15A, 120V duplex receptacles, two duplex receptacle brackets, receptacle insulators, power grommets, and bend radius control grommets. For use with recessed activations. Communication brackets ordered separately. See previous page. **Country of Origin: USA**
WPACR-3G	**Internal Bracket** – Two 20A, 120V duplex receptacles, two duplex receptacle brackets, receptacle insulators, power grommets, and bend radius control grommets. For use with recessed activations. Communication brackets ordered separately. See previous page. **Country of Origin: USA**

DTB-2-2A (Not Included)

Bend Radius Grommet

Bend Radius Grommet
Bend Radius Control Grommets

Catalog No./Item	Description/Specifications
PKGRBR	**PK Preset Grommet** – Bend radius control grommet used with PK preset. Maintains 1 1/4" (32mm) minimum cable lay-in radius. **Country of Origin: USA** **NOTE:** Not for use with communication brackets DTB-2-2AB or DTB-2-2RT.
FloorPort Bracket Compatibility

Fittings intended for a cellular raceway system must have a minimum of 2 1/2" (64 mm) of concrete topping over the top of the deck. A typical UL Fire Classified floor activation will consist of the following components:

PK Series Preset Inserts
"( )" Maximum Quantity of Units Allowed Inside of Preset Insert

COVER ASSEMBLY	ACTIVATION ASSEMBLY	BARRIER ASSEMBLY	COMMUNICATION BRACKET
FPBTC FPCTC FPBT FPCT	(1) WPACR	—	(2) DTB-2
FPFFTC FPFFT		(1) PKKIT	(1) DTB-2FP
