# COMPOSITE SQUARE FLANGE JACK RECEPTACLE-PANEL SEAL

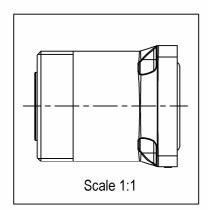

# R187.416.100

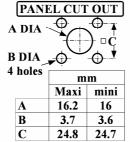

Series : 7/16 COMPOSITE

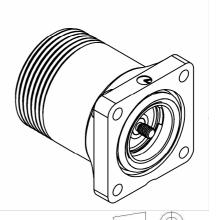

## WATERPROOF INTERFACE-FRONT MOUNT M3 SCREW

All dimensions are in mm.

# **Assembly instruction**

Prior to the installation, the outer contact is slightly protruded from the rear flange (0.1~0.45mm). During the installation, the outer contact is pushed inside the composite housing. In its final position, the outer contact is aligned with the rear flange, and in contact with the panel. During mating, the outer contact is pressed against the panel, reducing significantly the IM3 generation.
