# HET200VB series

Dimension drawing

UNIT:MM

Features

◆ **IP55 waterproof at external side**

◆ **FAN / TEC / Control fail alarm**

◆ **Clear LED status indicator**

◆ **Standalone temperature control**

◆**High efficiency and reliable fan modules**

Design

◆ **High efficiency of cooling & Heating**

◆ **Thermal electric cooling module**

◆ **Rated voltage at 24V**

◆ **Built-in controller**

Main feature	Unit	Specification
Dimension (H xW xD)	mm	180x 400 x 208
Cooling capacity(∆T=0℃)	W	200
Rated voltage	VDC	24 (TYP.)
Operating voltage range	VDC	21~28
Operating current	A	12.2
Power consumption	W	292.8
Operating temperature range	°C	-40 ~ +55
Weight	Kg	9.0
Acoustic noise (1 meter)	dB-A	61

* Specifications are subject to change without notice.
