# TrackMan® Marble®

Ambidextrous Trackball with Fingertip Operation

## Long-Lasting Comfort for Either Right or Left Hand

With a contoured shape and ambidextrous design, this high-performance trackball delivers long-lasting comfort for either hand. The patented Marble® optical technology and fingertip operation give you fast, accurate control of the cursor. And convenient button controls provide instant access to key tasks, such as moving forward and backward when surfing the web.

### Key Features

- Sleek ambidextrous design that provides long-lasting comfort for either hand
- Fingertip control for fast, accurate cursor movement
- Patented Marble® optical technology for exceptionally smooth tracking
- Large trackball that improves control while reducing hand and wrist motion
- Customizable buttons for easy access to key tasks

Weight	15.87 oz.	4.63 lb.
Width	8.03 in.	11.26 in.
Depth	2.72 in.	8.39 in.
Height	8.98 in.	9.45 in.
Cube	0.1135 ft. <sup>3</sup>	0.517 ft. <sup>3</sup>
Case Pack Count	N/A	4 single units
Pallet Count	380 units	95 case packs

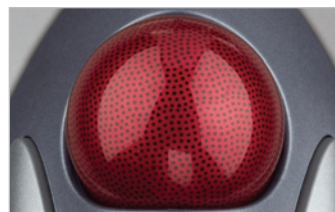

### Sleek Ambidextrous Design that Provides Long-Lasting Comfort for Either Hand

The smooth, contoured shape fits either hand comfortably, helping provide improved comfort for long periods of use.

### Fingertip Control for Fast, Accurate Cursor Movement

With smooth fingertip-based operation, just a slight touch on the trackball lets you control the cursor with superior speed and accuracy.

### Patented Marble® Optical Technology for Exceptionally Smooth Tracking

Logitech's patented Marble® optical technology tracks the movement of the trackball with enhanced precision, ensuring faster response and smooth, reliable tracking.

### Large Trackball that Improves Control while Reducing Hand and Wrist Motion

The larger size of the trackball makes it easier to control the cursor with less movement of your hand, helping provide increased comfort.
