

NOTES: UNLESS OTHERWISE SPECIFIED

1. MATERIALS AND FINISH
  - 1.1 HOUSING: GOLD PLATED BRASS
  - 1.2 CENTER CONTACT: GOLD PLATED BERYLLIUM COPPER
  - 1.3 DIELECTRIC: PTFE
2. ELECTRICAL SPECIFICATIONS
  - 2.1 FREQUENCY RANGE: DC TO 6 GHz
  - 2.2 IMPEDANCE: 50 OHMS NOMINAL
  - 2.3 VSWR (MAXIMUM): 1.20:1

|                                                                                                                                                                                                                                                                                                                                |                                                                                                                                                                                                                                                                                                                         |                                                                                  |  |  |  |
