

Specification Sheet

Part Number: 596-00735

Made with UV stable inks and materials for durability and weather resistance.

The labels are supplied with aggressive adhesive to ensure long life.

Solar Installation labels meet NEC & IFC standards for printed text, character height, color and outdoor UV stability to pass inspections.

Solar Label, WARNING SERVICE METER SERVED BY PV SYSTEM, 4.0" x 2.0", VL, Orange, 50/roll

|                     |                                                                                                                                                                                                                      |
