| | | Unit | No 1) All dimensions are in mm unle | | Version 1 | | | | Date 10/21/2013 | Approved J.S |
| Description | Value | Unit | | | | | Description | | | |
| Description Directivity | Value Omnidirectional | Unit Unit | 1) All dimensions are in mm unle | | | | Description | | | |
| Description Directivity Technology | Value Omnidirectional Electret Condenser | | 1) All dimensions are in mm unle | | | | Description | | | |
| Description Directivity Technology Sensitivity | Value Omnidirectional Electret Condenser -40 | (dB) | 1) All dimensions are in mm unle | | | | Description | | | |
| Description Directivity Technology Sensitivity Frequency Range | Value Omnidirectional Electret Condenser -40 50 ~ 16,000 | (dB) (Hz) | 1) All dimensions are in mm unle | | | | Description | | | |
| Description Directivity Technology Sensitivity Frequency Range Rated Voltage | Value Omnidirectional Electret Condenser -40 50 ~ 16,000 2 | (dB) (Hz) (V) | 1) All dimensions are in mm unle | | | | Description | | | |
| Description Directivity Technology Sensitivity Frequency Range Rated Voltage Output Impedance | Value Omnidirectional Electret Condenser -40 50 ~ 16,000 2 2,200 | (dB) (Hz) (V) | 1) All dimensions are in mm unle | | | | Description | | | |
| Description Directivity Technology Sensitivity Frequency Range Rated Voltage Output Impedance Connection Method | Value Omnidirectional Electret Condenser -40 50 ~ 16,000 2 2,200 Solder Pads | (dB) (Hz) (V) (Ohm) | 1) All dimensions are in mm unle | | | | Description | | | |
| Description Directivity Technology Sensitivity Frequency Range Rated Voltage Output Impedance Connection Method Voltage Range | Value Omnidirectional Electret Condenser -40 50 ~ 16,000 2 2,200 Solder Pads 1 ~ 10 | (dB) (Hz) (V) (Ohm) (V) (V) | 1) All dimensions are in mm unle | | | Release | Description ed from Engin | neering | 10/21/2013 | J.S |

Mouser Electronics
