## Ultra Thin Side View LED Digital Bar

Product Description

This bar looks like the same as other ultra thin

board 5mm width but it included 60pcs side

view and addressable LED (SK6812 Side)

which means the board's thickness comes 3mm.

The bar's biggest feature is side light emitting.

Wow, look, it has a wide range of application

where dont have big gap to install the led strip,

now you have one more option.

Product Datasheet

| Product Number	B60SK6812SIDEV5		
Light Source	SK6812SIDE		
Beam Angle	120°		
LED Quantity	60leds/pcs		
Size （mm）	L 5000* W 5* H 4 mm		
Emitting Color	Full color		
Operating Voltage	DC5V		
Power (W)	15w/m		
Control (IC)	SK6812		
Waterproof Rating	IP20		
Luminance(MCD)	R:90000mcd	G:132000mcd	B:6000mcd
Wavelength	R:620-625nm	G:520-525nm	B:465-470nm
