

Downtilt Kit 737978

Description

Mounting Hardware for Special Communication Antennas:
Standard Downtilt Kit for Panel Antennas
(Wind Load Category "L" and "M")

Technical Data

Mechanical Data

Weight 2.3 kg

- Panel antennas with attached mounting plates
- Downtilt kit without scale for universal use

Material

Hot-Dip galvanized Steel

Screws: Hot-Dip galvanized Steel / Stainless steel

Nuts / washers: Stainless steel

Environmental Data

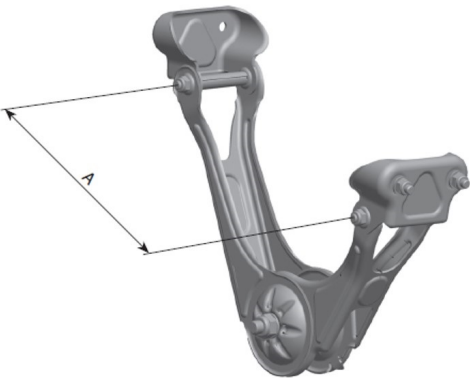

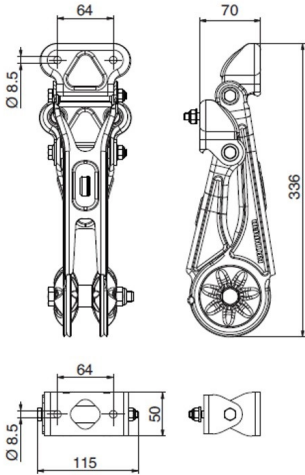

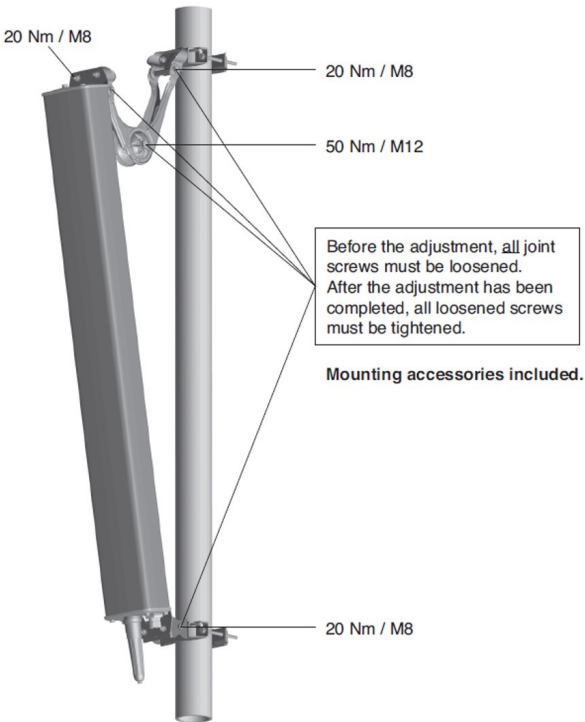

Related Documents

Security instruction DOC-0000278984

Additional Information

Instructions to adjust the required downtilt angle are given in the datasheet or on the rearside of the antenna. Mounting this downtilt kit enlarges the spacing between mast and antenna by 84 mm. Use the downtilt kit together with the clamps as described in the antenna datasheet.

Downtilt Kit
737978

Distance "A" between the jointbolts of the downtilt kit in mm (max. 395 mm).

You will find the values for "A" on the mounting instruction.

For example:

↑ ↑	
°	X mm
1°	77
2°	104
3°	138
4°	174
5°	212
7°	290
9°	369
