IMPEDANCE MEASUREMENT INSTRUMENTS

Model 252 / <u>253</u>

Digital Impedance Meters

- Automatic L, R, C, G and D measurements
- Basic accuracy 0.25%
- Auto-ranging version, 253
- Test frequency 1 kHz
- Shielded four-terminal connections to unknown
- Optional rechargeable battery power pack

TEGAM Models 252 and 253 are used for evaluating and inspecting components. These meters provide direct, digital display of inductance, capacitance, resistance, conductance and dissipation. They have the versatility and basic measurement accuracy (0.25%), to satisfy demanding engineering and inspection applications, while being extremely easy to use.

Simply push the button for the desired function, set the range and connect to the unknown. True four-terminal connections are ensured by the standard Kelvin Klip® test leads. The measurement is displayed on the large 3½-digit readout.

The Model 253 has all of the above characteristics, an autoranging feature, and includes one additional measurement range for C and G.

An optional battery power pack (252/SP2596 or 253/SP2598) is available on both versions. This allows these meters to be used with line power when available and unplugged when convenient or necessary.

Test Frequency		1 kHz				
Measurement S	peed	4 per second; one second required for first reading after connection to unknown				
Connection to I	Unknown	Four-terminal, guarded. Kelvin Klips® supplied with unit				
Display		3-1/2 digits with decimal point; blanked for overload conditions				
External Bias		0 to 50 VDC				
Analog Outputs	}	L, C, R or G, with simultaneous output of D for L and C				
Static Charge Protection		Diode and resistor discharge network				
Power Requirements		100 to 125 V or 200 to 250 V, 50/60 Hz, 4 W				
Dimensions		Height: 10 cm (4 inches), Width: 26 cm (10 inches), Depth: 37 cm (14.6 inches)				
Weight		3.2 kg (7 lb) net.				
Accessories	Included: Optional:	Kelvin Klip Instruction Manual Fenwal Sensor Pins 4-Terminal Kelvin Chip Tweezers Kelvin Klip Replacement Kit Chip Tweezer Rebuild Kit Front Panel Dust Cover* *OPTIONAL for 252 and 253 *INCLUDED with battery powers.
