

SmartRack 10-ft. x 1-ft. (3 m x 0.3 m) Cable Ladder, 2 sections - SRCABLETRAY/SRLADDERATTACH needed

MODEL NUMBER: SRCABLELADDER

Description

SmartRack® SRCABLELADDER helps eliminate cable stress by organizing cables outside the Enclosure or Open Frame Rack. The cable ladder is 12 inches wide and 10 feet (3.1 meters) high. It ships in two convenient five-foot (1.5-meter) sections for easy shipping, storage and assembly. The SRCABLELADDER can be installed parallel or perpendicular to an enclosure. A grounding stud is provided to allow tie-in to the enclosure and facility ground. Toolless assembly and mounting on the SmartRack enclosure's top panel allows the cables to be safely routed overhead but must be connected to SRCABLETRAY. For Open Frame Rack installation, the SRLADDERATTACH is needed.

Features

- SmartRack SRCABLELADDER helps eliminate cable stress by organizing cables outside of the SmartRack Enclosure or Open Frame Rack
- Safely routes cables overhead to and from enclosures
- The cable ladder is 12" wide and 10-ft. (3.05 m) high
- Ships in two convenient 5-ft. (1.52 m) sections for easy shipping, storage and assembly
- Can be installed parallel or perpendicular to an enclosure
- A grounding stud is provided to allow tie-in to the enclosure and facility ground
