

Wireless Charging Travel Stand - 15W Fast Charging, Qi Compatible, Apple and Samsung Compatible, Black

MODEL NUMBER: U280-Q01TST-BK

Charges your smartphone or other Qi-compatible device without connecting it to a cable.

Features

Wireless Cell Phone Charger Delivers up to 15W for Apple and Samsung Phones

Who wants to plug and unplug cords when you just want to charge your phone? The U280-Q01TST-BK makes charging more convenient by doing it wirelessly. Just place your Qi-certified smartphone (including Apple, Samsung, Google and LG) on the charging stand. That's all there is to it. This wireless charging stand even works through most protective phone cases up to 5 millimeters. **Note:** Remove any magnetic or metal attachments from your phone or case before charging.

Adjustable Stand Gives You More Flexibility Over Charging

Place your phone flat on the charging pad, or use the kickstand to charge the phone vertically while you read texts, scroll through social media and stream video. The LED flashes green to indicate the charging process is underway and changes to a solid green to let you know your phone is at 100%. **Note:** The U280-Q01TST-BK does not support magnetic charging and is only wireless charging enabled.

Compact Charging Pad Fits Comfortably on Any Counter, Table or Workspace

The portable U280-Q01TST-BK takes up very little space and fits easily on your desktop or bedside table or inside your backpack or laptop bag. An included USB cable connects the charging pad to a user-supplied 20W USB wall charger, such as the 9V 2.2A U280-W01-20C1-G (sold separately). No extra charging cables are needed. Quick Charge (QC) 2.0/3.0 adapters are recommended.

Highlights

- Charges your Apple, Google or Samsung smartphone wirelessly without a cable
- LED flashes green during charging and turns solid green to indicate device is fully charged
- Charges through phone's protective case (up to 5 mm) to avoid hassle of removing it
- Adjustable kickstand allows phone to charge vertically while scrolling or watching video
- Universally compatible with all Qi-certified smartphones and other devices

System Requirements

- Compatible with all Qi-certified smartphones, including Apple, Samsung, Google and LG
- Requires USB-C wall charger up to 20W or computer with USB-C port

Package Includes

- U280-Q01TST-BK Wireless Charging Travel Stand
- USB-A to USB-C charging cable, 1 m (3.3. ft.)
- Quick Start Guide
