QUICKSHEET

acnFIND

Never miss a thing with our smart beacon
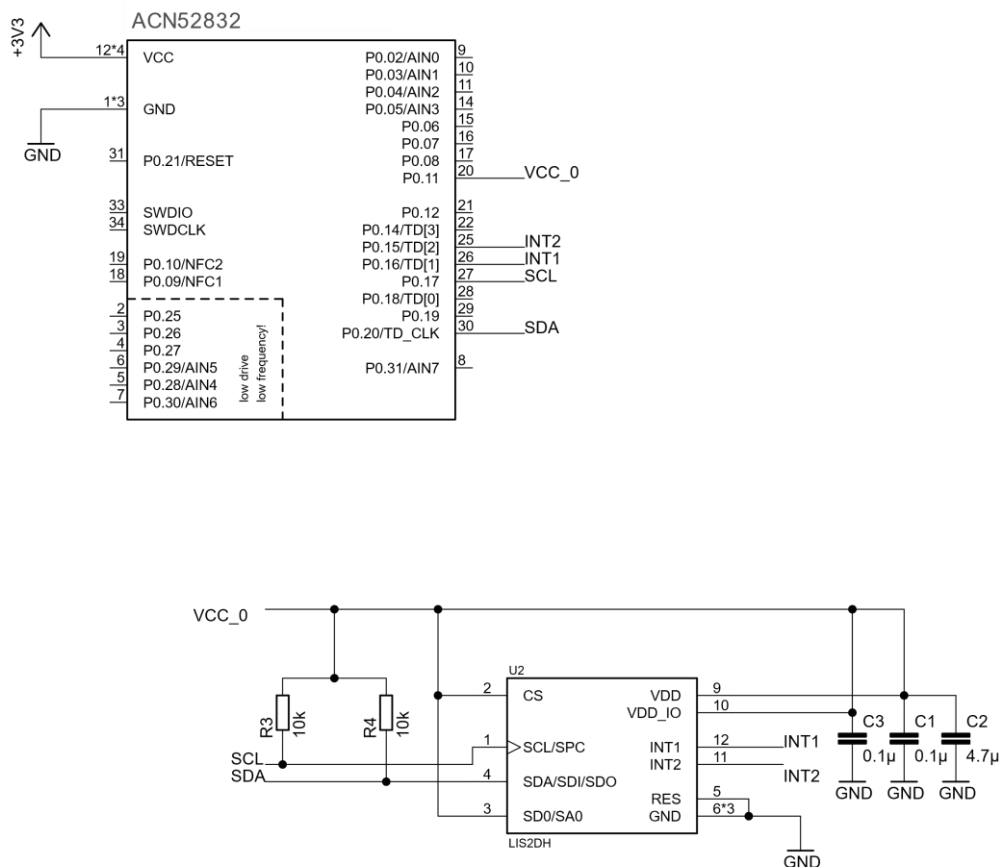

MA:DE IN GERMANY

Preamble

This document is a preface of a real datasheet and is meant to give you enough data for a quick start with this aconno product.
Please take all necessary data (e.g. temperature or voltage ranges) of the used components from the linked datasheets.

Environmental specifications

- ROHS conform
- Temperature range -40°C to +85°C
- Rilsan case with IP65 equivalent
- CR2450 battery powered

Schematic

Components

BLE module: ACN52832 (https://aconno.de/products/acn52832)
3-axis accelerometer: LIS2DH12 (https://aconno.de/LIS2DH12)
