

LED - Lighting and connection technology

47.921

Covers for base plate

pkg. wt. part no.
50 18 g **47.921.-801.68**

Cover to protect the electronics on the base plate

Snap in pins for fixing PCB onto the base plate with twist protection

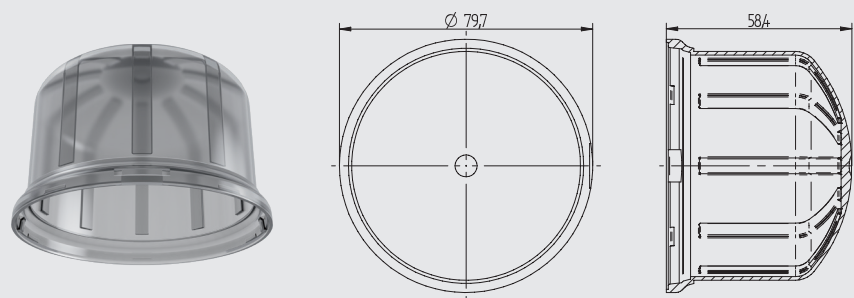

Material: PC
Colour: smoke grey

Impact resistance: from top IK 09.
Impact protection from side: IK09

Protection class IP 66 by combination with the base plate

Temperature Data	
Temperature range	-40° C up to + 80° C

CAD

pkg. wt. part no.
50 28 g **47.921.-802.68**

Cover to protect the electronics on the base plate

Snap in pins for fixing PCB onto the base plate with twist protection

Material: PC
Colour: smoke grey

Impact resistance from top: IK 09
Impact protection from side: IK07

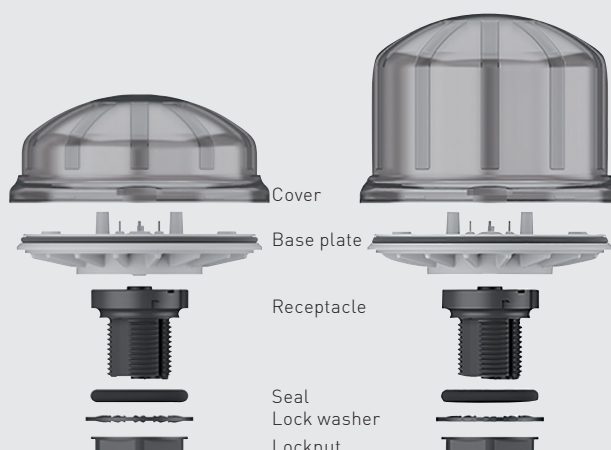

Protection class IP 66 by combination with the base plate

Temperature Data	
Temperature range	-40° C up to + 80° C
