## **No Toolbox is Complete Without Them**

If you are looking for tools to make your life easier, consider the Menda Small Nut Starter, Hand Slewing Cutter, and Harnessing Wire Threader. Each tool is simple, yet highly effective in its respective design. How many times have you needed a tool that would hold that small nut just to get it started, or needed something to accurately cut small pieces of sleeving? What about a tool that would allow you to thread a wire in an already tied wire harness? These tools provide the solutions.
