

PDU Power Cords, C13 to P-Lock C14 - Heavy-Duty, 15A, 250V, 14 AWG, 10 ft. (3.1 m), Blue, 6 Pack

MODEL NUMBER: **P005-E10-ABL-6**

Connect computers, servers or switches to a PDU with a P-Lock C13 or C39 power connector and extend existing power connections by 10 ft.

Features

C13-to-C14 Power Cables for Network Devices That Require a Heavy-Gauge Connection

These power extension cords feature 14 AWG wire suitable for high power connections, making them a reliable solution for large server applications that require a higher-rated, heavier-gauge cable. The P005-E10-ABL-6 can be used to power computers, servers, switches or other devices commonly found in a small data center, office workstation or other lower-amp application. The 10-foot (3.1-meter) length helps reduce cable clutter by providing a tailor-made fit between the device and the PDU in a crowded rack enclosure. Six PDU power cables are included, an ideal pack for large-scale equipment rollouts.

Forms a Special Locking Connection with a P-Lock Outlet

The P-Lock C14 connector forms a secure connection with a PDU with a P-Lock outlet, including Eaton G4 and newer PDUs with C13 and C39 outlets. The P-Lock connection helps reduce costly downtime caused by accidental cable disconnections in a crowded rack or PDU space. The P005-E10-ABL-6 lets you replace a non-locking C14/C13 cable or upgrade an entire PDU application by pairing with an Eaton PDU or other PDU with P-Lock outlets.

Blue Jackets Help Avoid Misidentification That Can Cause Costly Downtime

The UL-listed cables have a blue PVC jacket with fully molded blue ends, which is easy to identify quickly in a crowded PDU or UPS system and helps prevent the cables from becoming accidentally disconnected.

Highlights

- Recommended for powering computers, servers and other network devices
- P-Lock C14 connector eliminates accidental cable disconnections in a crowded PDU
- Thick 14 AWG wire gauge manages high power levels required for larger equipment
- Blue cable jacket allows quick identification of devices in a crowded rack enclosure
- 6 PDU power cables included, ideal for large-scale equipment rollouts

Package Includes
