

## Insulated Screwdriver, #1 Square, 4-Inch Round Shank

Klein insulated tools combine excellent functionality along with reduction of risk of injury where a tool might make contact with an energized source with voltage up to 1000 volts. Two layers of insulation provide protection against electric shock. Clearly marked with the official 1000-volt rating symbol. Round shank with square-recess tip.

## **Specifications**

| Application:    | For Work Near Energized Sources | Special Features: | Flame Retardant and Impact Resistant<br>Handle |
|-----------------|---------------------------------|-------------------|--|
| Tip Type:       | Square                          | Magnetic:         | No   |
| Tip Size:       | #1                              | Shank Type:       | Round  |
| Shank Length:   | 4" (10.2 cm)                    | Material:         | Induction Hardened Steel                       |
| Insulated:      | Yes                             | Handle Material:  | High-Dielectric Plastic                        |
| Handle Color:   | Black                           | Color Code:       | Green  |
| Overall Length: | 8.313" (21.1 cm)                | Standard:         | IEC 60900 and ASTM F1505                       |
| Туре:           | Recessed                        | Weight:           | 3.2 oz (91 g)                                  |
