

F-Splice Adapter 3 GHz, 10-Pack

The Klein Tools F-Splice adapter provides high bandwidth (up to 3 GHz) for standard, high-definition and satellite applications. Its features help improve system performance and provide easy installation, higher return loss and higher shielding. (Higher shielding prevents ghosted and grainy images). Also, the patented gripping mechanism maintains optimal signal strength.

Specifications

Type:	Female to Female	Connector Type:	F
Package Quantity:	10	Weight:	3.2 oz (90 kg)
