Please be informed that the data shown in this PDF document is generated from our online catalog. Please find the complete data in the user documentation. Our general terms of use for downloads are valid.

Device connector front mounting, Range of articles: SUNCLIX, housing material: PPE, number of positions: 1, rated current: 40 A, Connection method: Crimp, cable length: 750

#### Commercial data

Item number	1622792
Packing unit	50 pc
Minimum order quantity	50 pc
Note	Made to order (non-returnable)
Product key	ABLBAA
GTIN	4055626069074
Weight per piece (including packing)	59.36 g
Weight per piece (excluding packing)	59 g
Country of origin	DE

#### Technical data

#### Notes

#### Safety note

Safety note

- WARNING: Commission properly functioning products only.
   The products must be regularly inspected for damage.
   Decommission defective products immediately. Replace damaged products. Repairs are not possible.
- WARNING: Only electrically qualified personnel may install and operate the product. They must observe the following safety notes. The qualified personnel must be familiar with the basics of electrical engineering. They must be able to recognize and prevent danger. The relevant symbol on the packaging indicates that only personnel familiar with electrical engineering are allowed to install and operate the product.

WARNING: The connectors may not be plugged in or disconnected under load. Ignoring the warning or improper use may damage persons and/or property.

- The products are suitable for applications in plant, controller, and electrical device engineering.
- Assembled products may not be manipulated or improperly opened.
- Only use mating connectors that are specified in the technical data of the standards listed (e.g. the ones listed in the product accessories online at phoenixcontact.com/products).
- When using the product in direct connection with third-party manufacturers, the user is responsible.
- For operating voltages > 50 V AC, conductive connector housings must be grounded
- Ensure that the protective or functional ground has been properly connected.
- Observe the corresponding technical data. You will find information:
- o On the product
- o On the packing label
- o In the supplied documentation
- o Online at phoenixcontact.com/products under the product
- The installation notes/Design In documents online on the download page at phoenixcontact.com/products must be observed for this product.
- Use a protective cap to protect connectors that are not in use. The suitable accessories are available online in the accessory section of the product at phoenixcontact.com/products
- The connector warms up in normal operation. Depending on the ambient conditions, the surface of the connector can continue to warm up. In this case, the user is responsible for posting warnings (e.g. DIN EN ISO 13732-1:2008-12).
- Operate the connector only when it is fully plugged in and interlocked.
- Ensure that when laying the cable, the tensile load on the connectors does not exceed the upper limit specified in the standards.

	Observe the minimum bending radius of the cable. Lay the cable without twisting it.
oduct properties	
Product type	Panel feed-through
Product family	SUNCLIX
Number of positions	1
Insulation characteristics	
Degree of pollution	2
mensions	
Width	18.6 mm
Height	18.6 mm
Length	43.2 mm
ectrical properties	1000 V
Rated voltage (III/2)  Rated surge voltage (III/2)	12 kV
Rated current (6.0 mm²)  Contact resistance	40 A ≤ 0.45 mΩ (when plugged in (without cable))
echanical properties  Mechanical data

Cable atmesting	tic plated fine mined IEC 00000 Class E
Cable structure	tin-plated, fine-wired, IEC 60228 Class 5
External cable diameter	5.10 mm 4.95 mm 5.25 mm ±0.15 mm
Outer sheath, material	PE-X
External sheath, color	black
Single wire, material	Cu
Cable cross section	6 mm <sup>2</sup>
Smallest bending radius, fixed installation	10.2 mm (2x Ø)
Smallest bending radius, movable installation	15.3 mm (3x Ø)
Halogen-free	yes
Resistance to oil	yes
Flame resistance	yes

#### Environmental and real-life conditions

#### Ambient conditions

Degree of protection (when plugged in)	IP66/IP68 (2 m / 24 h)
Degree of protection (not plugged in)	IP20
Degree of protection	IP66/IP68 (2 m / 24 h)
Ambient temperature (operation) (male connector/female connector)	-40 °C 85 °C
Ambient temperature (assembly)	-25 °C 50 °C
Resistance to oil	yes

### Standards and regulations

Flame resistance	yes
Resistance to oil	yes

### Environmental product compliance

#### EU RoHS

Fulfills EU RoHS substance requirements	Yes, No exemptions
China RoHS	
Environment friendly use period (EFUP)	EFUP-E
	No hazardous substances above the limits
EU REACH SVHC	
REACH candidate substance (CAS No.)	No substance above 0.1 wt%
