Equipment marking, Aluminum label, aluminum color, unmarked, can be labeled with: BLUEMARK E.CARD, BLUEMARK ID COLOR, BLUEMARK ID, BLUEMARK CLED, mounting type: latching, Number of individual labels: 1, text field height: 30 mm, text field width: 60 mm

## Product description

#### Note:

Due to the current challenges of the global procurement market, Phoenix Contact has unfortunately been forced to accept an aluminum alloy material quality that may cause the appearance to deviate from the homogenous surface quality that was previously expected. This has no impact on the quality of the aluminum labels themselves or the durability of the printing. The effect is purely visual.

## Your advantages

- The markers can be marked quickly, easily, and inexpensively with the BLUEMARK CLED
- · Aluminum equipment marking for snapping into marker carriers
- · Identification made from metal, high strength in a lightweight design
- · Increased durability due to the decoratively anodized surface

#### Commercial data

Item number	0830796
Packing unit	45 pc
Minimum order quantity	45 pc
Sales key	BG18
Product key	BG241B
GTIN	4046356780230
Weight per piece (including packing)	4.022 g
Weight per piece (excluding packing)	3.6 g
Customs tariff number	76169990
Country of origin	DE

### Technical data

#### Product properties

Product type	Gerätemarker
Marking	
Number of individual labels	1
Number of individual labels per row	1
Identification technology	UV LED technology

#### **Dimensions**

Width	59.70 mm
Height	29.80 mm
Depth	0.80 mm

#### Material specifications

Color	aluminum color
Base element material	Aluminum
Components	free from silicone, halogen, and cadmium

#### Environmental and real-life conditions

Test for substances that would hinder coating with paint or varnish

rest for substances that would finder coating with paint	. or runnon
Result	Test passed
Test for substances that would hinder coating with paint	or varnish
Result	Test passed
Specification	EN ISO 1518-1:2023 (following)
Requirements	≥ 5 N
Result	Test passed
Tesafilm test	
Specification	DIN EN ISO 2409:2020-12 (following)
Result	Test passed
UV resistance	
Specification	DIN EN ISO 4892-2:2021-11 (following)
Result	Test passed
Test duration	96 h
Temperature resistance	
Specification	ANSI/UL 969-2018:03 (following)
Test duration	240 h
Rating 150 °C (180 °C)	Test passed
Wipe resistance of inscriptions
