Prewired control cabinet with power supply, battery backup, surge protective device, and circuit breaker for use with remote control and monitoring devices

Product description

To simplify the selection and installation of wireless devices, Phoenix Contact offers the RTU READY... enclosure system to house radios, PLCs, or other control products. The prewired control cabinet provides a 24 V DC power supply and surge protection for line power and antenna connections, and terminal blocks for easy connectivity, all mounted on standard NS 35 mounting rail.
The selected components provide a robust housing with reliable power. Simply add a radio, antenna, or controller to complete the system.

Your advantages

- Supply voltage: 24 V DC
- UPS with 24 V DC backup battery
- 100 V AC ... 240 V AC nominal input voltage range
- Prewired cabinetry with extra terminal blocks for simple, flexible installation
- UL 508A Listed
- COAXTRAB surge protection for antenna connection

Commercial data

Item number	1068258
Packing unit	1 pc
Minimum order quantity	1 pc
Note	Made to order (non-returnable)
Sales key	DT02
Product key	DTHDCA
GTIN	4055626739762
Weight per piece (including packing)	1.05 g
Weight per piece (excluding packing)	1 g
Country of origin	US

Prewired control cabinet with power supply, battery backup, surge protective device, and circuit breaker for use with remote control and monitoring devices

Technical data

Product properties

Product type	Control box

Electrical properties

Supply

Supply voltage range	85 V AC ... 264 V AC
Typical current consumption	3.75 A

Dimensions

Width	434 mm
Height	492 mm
Depth	271 mm

Material specifications

Housing material	PC

Environmental and real-life conditions

Ambient conditions

Ambient temperature (operation)	-15 °C ... 50 °C

Standards and regulations

Standards

Standards/regulations	UL 508A

Classifications

ECLASS

ECLASS-13.0	27370190
ECLASS-15.0	27370190
