Ferrule with insulating collar that can be labeled. When using the magazine, the ferrules can be labeled with BLUEMARK.

## Your advantages

- · Electrogalvanized
- · Ferrules made from electrolytic copper
- · Highly resistant and optimum printing quality thanks to modern UV printing technology
- · Crimping and marking in one step
- · Ferrules can be labeled with BLUEMARK

#### Commercial data

| Item number                          | 3240545       |
|--------------------------------------|---------------|
| Packing unit                         | 780 pc        |
| Minimum order quantity               | 780 pc        |
| Sales key                            | BH34          |
| Product key                          | BH3415        |
| GTIN                                 | 4046356547772 |
| Weight per piece (including packing) | 0.26 g        |
| Weight per piece (excluding packing) | 0.25 g        |
| Customs tariff number                | 85369010      |
| Country of origin                    | DE            |

#### Technical data

#### Product properties

| Product type Cable end sleeve |
|-------------------------------|
|-------------------------------|

#### Dimensions

| S. M. G. |         |
|--|---------|
| Dimensional drawing                          |         |
|  | a a     |
| Width  | 4.6 mm  |
| Sleeve length                                | 8 mm    |
| Ferrule diameter                             | 2.1 mm  |
| Sleeve wall thickness                        | 0.15 mm |
| Inner dimensions of the insulating collar    | 3.4 mm  |
| Internal dimensions                          |         |
| Internal diameter                            | 1.8 mm  |
|  |         |

#### Material specifications

| Color                                  | white (RAL 9010)               |
|--|--------------------------------|
| Material                               | E-CU                           |
| Flammability rating according to UL 94 | НВ                             |
| Coating                                | galvanically tin-plated        |
| Surface characteristics                | Tin-plated                     |
| Components                             | free from silicone and halogen |

#### Cable/line

| External cable diameter | = 1.50 mm |
|-------------------------|-----------|
|-------------------------|-----------|

### Mechanical properties

#### Technical data

| Sleeve length | 8 mm |
|---------------|------|
| 3.            |      |

#### Environmental and real-life conditions

#### Ambient conditions

| Ambient temperature (operation) | -40 °C 120 °C                               |
|---------------------------------|---|
| Permanent temperature           | 105 °C (-40 °C no load / 0 °C dynamic load) |
| Short-term temperature          | 120 °C                                      |
