

Power and Signal Low-Mid Power Accessories

Backshells

Backshells were developed with a hermaphroditic design and provide a strain relief solution for terminal wires and terminal back-outs. They are low-halogen and can withstand operating temperatures within -40 to +105°C.

Cavity Plugs

Cavity plugs, also referred to as polarized keys or polarizing pegs, are used with receptacles to help prevent header and receptacle mis-mating during assembly.

Low-Mid Power Accessories			
	Product Name	Product Pitch (mm)	Product Series
 Backshells	Mega-Fit	5.70	200122
	Mini-Fit	4.20	204723
	MultiCat	3.60, 6.83, 7.40	205929
 Cavity Plugs	KK396	3.96	25602
	Mini-Fit	4.20	42232

Connector Position Assurance (CPA)

Connectors with CPA capability provide a secondary locking feature and enhance connector positioning by protecting the primary locking latch from deactivating accidentally. CPA offers safe and reliable handling of connectors.

Terminal Position Assurance (TPA)

Connectors with TPA capability also provide a secondary locking feature and enhance terminal positioning inside housing in order to help prevent terminal back-out in the event of application damage when subjected to high-vibration environments.

Low-Mid Power Accessories			
	Product Name	Product Pitch (mm)	Product Series
 CPA	Mini-Fit	4.20	203603
	SL	2.54	70066
 TPA	CP	2.50, 3.30, 4.50, 6.50	51143, 504695, 206998, 500817
	Ditto	2.50, 3.00	150212, 150213
	DuraClk	2.00	505152
	L1NK	2.50, 3.00, 3.96	207459, 209325, 207845
	Mega-Fit	5.70	105415
	MicroClasp	2.00	500638
