Molex Industrial Solutions Defined

Electrical MRO/OEM

- Woodhead
- Aero-Motive

Automation MRO/OEM

- Brad
- SST
- GWConnect
- Flamar
- Phoenix Digital
- MB Connect
- Esteem

molex®

Industrial Electrical Solutions

molex®

Woodhead Electrical Solutions

- Innovative electrical and industrial solutions for the industrial MRO market - products for highly regulated, hazardous, wet and harsh environments

Wiring Devices

Wire Mesh Grips

Temporary Workplace Lighting

Portable Power

Portable Lighting

GFCI

Cord Reels

Aero-Motive Tool Support

Push Button Pendant Stations
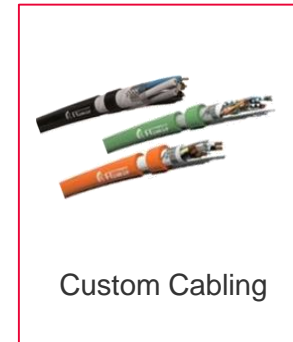

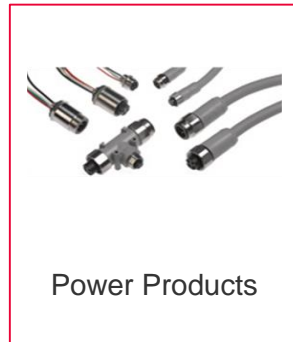

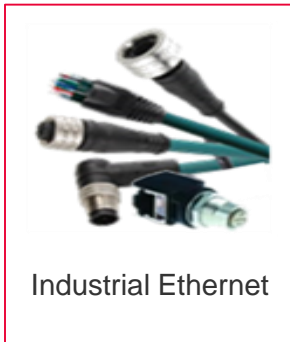

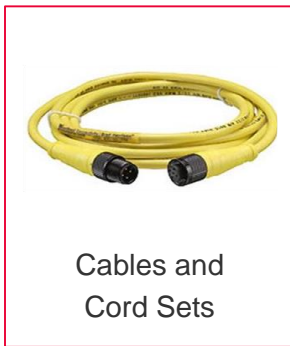

Switch-Rated Plugs and Receptacles

molex®

Industrial Automation Solutions

molex®

Connectivity and Power Solutions

- A broad line of plug-and-play systems for connectivity within and beyond the factory floor, and the ability to customize even more solutions to meet the requirements of the customer

Cables and Cord Sets

Connectivity

Receptacles

Distribution

Industrial Ethernet

Power Products

DIN Connectivity

Custom Cabling

molex®

Communications and Control Solutions

- A broad line of innovative solutions for industrial networks and fieldbuses. Globally recognized product lines are the powerhouse of the Molex Communications and control portfolio and has everything industrial networks require from software to scanners to diagnostics

SST Network Interface Cards

SST Communication Modules

IP67 Harsh I/O Modules

Software Development Kits and Simulation Tools

Gateways

Network Diagnostics

molex®

Molex Defines Value to Customers as…

- Reduction in total installed cost via:
  - Longer product life
  - Superior product performance
  - Increased safety and compliance
  - Lower labor costs
  - Reduced downtime
  - Increased operational efficiencies
