

Conductive Material Pack

FIT0823

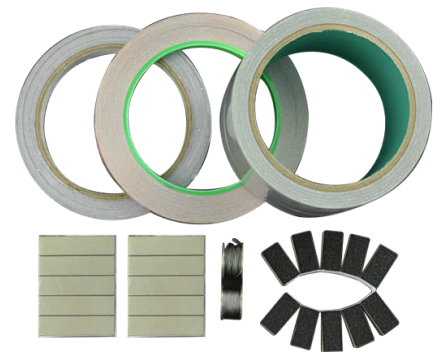

Product Overview

11/30/2022

For the most up-to-date information, visit www.mouser.com or the supplier's website.

Description

DFRobot Conductive Material Pack contains several kinds of conductive materials that meet common needs of wiring. The FIT0823 pack includes conductive cloth tape with excellent flexibility, and double-conductor copper foil tape, temperature-resistant aluminum foil tape, conductive foam and sponge with strong shielding properties. It also includes an additional 9Ω, 50Ω to 60Ω stainless steel conductive sewing thread.

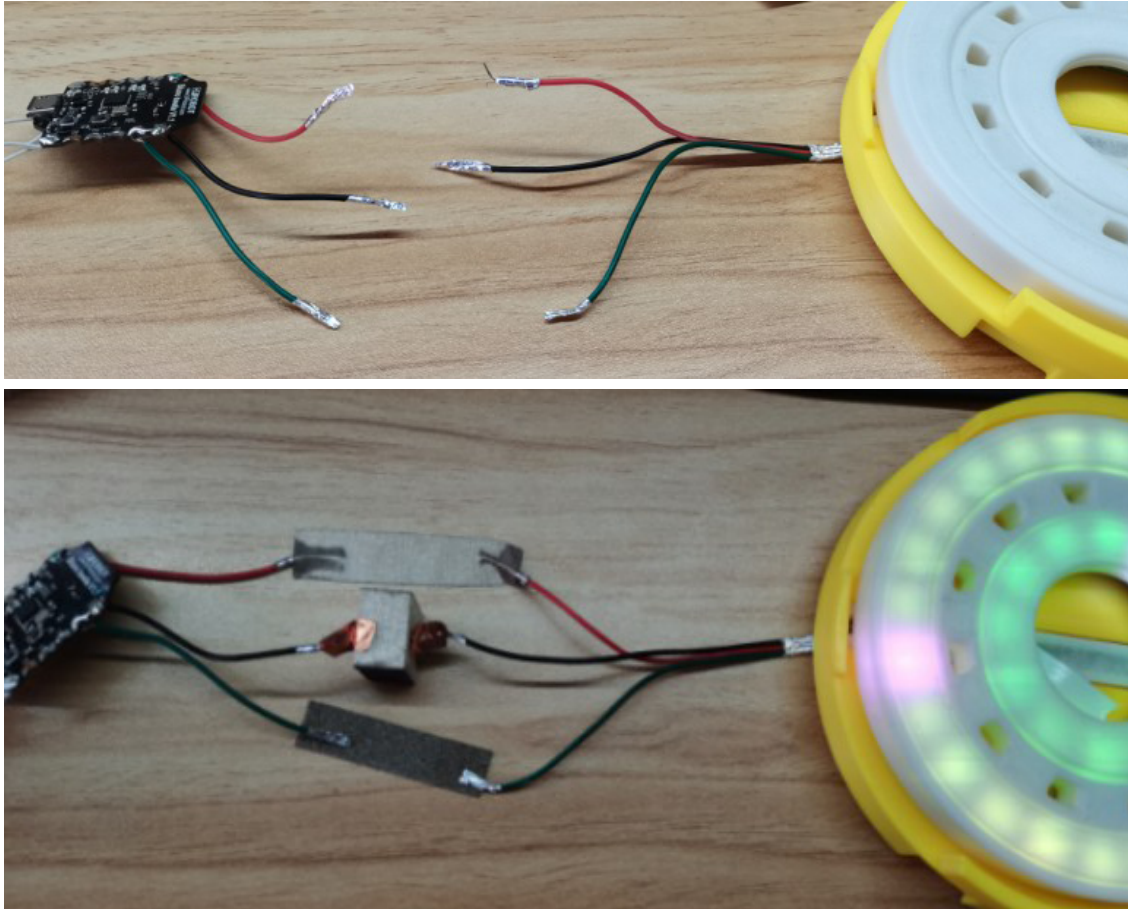

Features

- Conductive cloth fabric tape size width 5cm x 10M
- Conductive aluminum foil tape size width 1cm x 20M
- Conductive copper foil tape size width 6mm x length 20M
- Conductive sponge size width 1cm x length 4cm
- Conductive foam size width 1cm x length 1.5cm x height 2cm
- Conductive sewing thread (9Ω) size diameter 0.45mm x length 7m
- Conductive sewing thread (50Ω to 60Ω) size diameter 0.2mm x length 35m

Pack Includes

- Conductive cloth fabric tape (10m) x1
- Conductive sponge x10
- Conductive foam x10
- Conductive sewing thread (9Ω) x1
- Conductive sewing thread (50-60Ω) x1
- Conductive aluminum foil tape (20m) x1
- Conductive copper foil tape (20m) x1
