Description

Sparkfun LilyPad LEDs Green (5pcs) are attached to one another, letting users snap the LEDs apart to sew them into clothing. Each LilyPad piece was creatively designed with large sew tabs to allow them to be sewn into fabric. The DEV-14011 LilyPad green LEDs offer a thin 0.8mm thin PCB and are available in 5.5mm x 12.5mm dimensions. The LEDs are readily applicable to wearables and e-textile technology.
