Description

DFRobot Argon ONE M.2 Case for Raspberry Pi 4B supports M.2 SSD and full-size dual HDMI. This case is made with aluminum alloy and polished with a modern space grey finish for stunning aesthetics and functionality. The internally reserved M.2 interface expansion slot for M.2 module, which is then connected to the Raspberry Pi by USB adapter, allows for maximizing the potential of the Raspberry Pi.

The Argon ONE M.2 case features a unique square structure, built-in cooling fan, excellent cooling effect, removable magnetic top, and well-designed GPIO header.

Features

- Unique square structure, precise hole design
- Magnetic removable top and well-designed GPIO header
- Built-in cooling fan, heat dissipation column, and vent holes
- M.2 SSD can be installed without an SD card to start Raspberry Pi

Kit Contents

- 1x Aluminum Allow top case (with cooling fan and GPIO expansion board)
- 1x Aluminum Alloy bottom case (with M.2 expansion board)
- 1x Magnetic top cover
- 1x Interface board for headphone jack and HDMI connectors
- 1x M.2 adapter
- 1x Accessory packet
- 1x Manual

Overview

## Dimensions

106mm
95mm
41mm
32mm

Interface Description

Interface Description

Ingenious hole design, precise hole positions Ensure that each interface can be highly fitted to the board

Combined with the software script, It can be turned on and off safely while ensuring the normal storage of the file, and the button function can also be customized

USB interface

Power button

Power input

HDMI interface

Audio hole

Ethernet interface

Hard disk transfer interface
