

For Immediate Release

Mouser Electronics Adds Online Calculators to Help Speed Electronic Design Process

May 19, 2020 – [Mouser Electronics](http://www.mouser.com), Inc., the authorized global distributor with the newest semiconductors and electronic components, is also a single destination for all of the technical resources and tools to help design engineers throughout the design process.

Mouser's free [Technical Resource Center](#) now offers an extensive lineup of [online calculators](#) designed to help engineers of all skill levels save time figuring out anything from power conversion computations to resistor color codes.

"Part of delivering exemplary service to our customers means providing them with the tools and information they need to order and design with latest products," says Kevin Hess, Mouser Electronics' Senior Vice President of Marketing. "Mouser's online calculators help save time, providing more opportunity for customers to find essential technical data and application information."

To see all of Mouser's conversion calculators, go to <https://www.mouser.com/technical-resources/conversion-calculators>. To learn more about the technical resources Mouser offers, visit <https://www.mouser.com/technical-resources/>, or click Technical Resources in the top navigation bar of any page on mouser.com.

As an authorized distributor, Mouser Electronics is focused on the rapid introduction of new products and technologies, giving customers an edge and helping speed time to market. Over 800 semiconductor and electronic component manufacturers count on Mouser to help them introduce their products into the global marketplace. Mouser's customers can expect 100% certified, genuine products that are fully traceable from each manufacturer.

With its broad product line and unsurpassed customer service, Mouser strives to empower innovation among design engineers and buyers by delivering advanced technologies. Mouser stocks the world's widest selection of the latest semiconductors and electronic components for the newest design projects. Mouser Electronics' website is continually updated and offers advanced search methods to help customers quickly locate inventory. Mouser.com also houses data sheets, supplier-specific reference designs, application notes, technical design information, and engineering tools.

About Mouser Electronics

Mouser Electronics, a Berkshire Hathaway company, is an award-winning, authorized semiconductor and electronic component distributor focused on rapid New Product Introductions from its manufacturing partners for electronic design engineers and buyers. The global distributor's website, Mouser.com, is available in multiple languages and currencies and features more than 5 million products from over 800 manufacturers. Mouser offers 27 support locations around the world to provide best-in-class customer service and ships globally to over 630,000 customers in 223 countries/territories from its 1 million sq. ft. state-of-the-art facilities south of Dallas, Texas.
