

## For Immediate Release

# Mouser Electronics New Product Insider: April 2020

*Global Distributor Leads in New Product Introductions*

**April 27, 2020** – As an authorized distributor, [Mouser Electronics](http://www.mouser.com), Inc. is focused on the rapid introduction of new products and technologies, giving customers an edge and helping speed time to market. Over 800 semiconductor and electronic component manufacturers count on Mouser to help them introduce their products into the global marketplace. Mouser's customers can expect 100% certified, genuine products that are fully traceable from each manufacturer.

Last month, Mouser launched more than 449 [new products](#) ready for same-day shipment.

Some of the products introduced by Mouser last month include:

- [Maxim Integrated MAX20353 Wearable Power Management Solution](#)  
Maxim Integrated MAX20353 is a highly integrated and programmable power management IC (PMIC) designed specifically for ultra-low-power wearable applications.
- [Bosch BHI260AB Ultra Low-Power Smart Sensor](#)  
Bosch BHI260AB smart sensor integrates a best-in-class 6-axis gyroscope/accelerometer inertial measurement unit and the Fuser2 Core.
- [Stewart Connector M12 X-Code Field-Terminated Plugs](#)  
Stewart Connector M12 X-Code field-terminated plugs have eight positions to allow Ethernet connectivity and data transmission in industrial environments.
- [ON Semiconductor NFP36060L42T SPM® Intelligent Power Module](#)  
The NFP36060L42T is an advanced PFC SPM 3 module that provides a fully featured, high-performance bridgeless power factor correction (PFC) input power stage for consumer, medical, and industrial applications.

With its broad product line and unsurpassed customer service, Mouser strives to empower innovation among design engineers and buyers by delivering advanced technologies. Mouser stocks the world's widest selection of the latest semiconductors and electronic components for the newest design projects. Mouser Electronics' website is continually updated and offers advanced search methods to help customers quickly locate inventory. Mouser.com also houses data sheets, supplier-specific reference designs, application notes, technical design information, and engineering tools.

### **About Mouser Electronics**

Mouser Electronics, a Berkshire Hathaway company, is an award-winning, authorized semiconductor and electronic component distributor focused on rapid New Product Introductions from its manufacturing partners for electronic design engineers and buyers. The global distributor's website, Mouser.com, is available in multiple languages and currencies and features more than 5 million products from over 800 manufacturers. Mouser offers 27 support locations around the world to provide best-in-class customer service and ships globally to over 630,000 customers in 223 countries/territories from its 750,000 sq. ft. state-of-the-art facility south of Dallas, Texas. For more information, visit [www.mouser.com](http://www.mouser.com).

### **Trademarks**

Mouser and Mouser Electronics are registered trademarks of Mouser Electronics, Inc. All other products, logos, and company names mentioned herein may be trademarks of their respective owners.
