

For Immediate Release

Mouser Electronics New Product Insider: June 2020

Global Distributor Leads in New Product Introductions

June 25, 2020 – As an authorized distributor, [Mouser Electronics](http://www.mouser.com), Inc. is focused on the rapid introduction of new products and technologies, giving customers an edge and helping speed time to market. Over 800 semiconductor and electronic component manufacturers count on Mouser to help them introduce their products into the global marketplace. Mouser's customers can expect 100% certified, genuine products that are fully traceable from each manufacturer.

Last month, Mouser launched more than 416 [new products](#) ready for same-day shipment.

Some of the products introduced by Mouser last month include:

- [Texas Instruments MSP430FR600x Ultrasonic Sensing and Measurement SoCs](#)
TI's MSP430FR600x SoCs offer an integrated ultrasonic sensing solution module that provides high accuracy for a wide range of flow rates to help achieve ultra-low-power metering.
- [AVX Automotive EV/HEV Solutions](#)
AVX automotive electric vehicle and hybrid electric vehicle (EV/HEV) solutions meet the needs of a range of applications, including power conversion, advanced driver-assistance systems (ADAS), lighting, active body control, and powertrain.
- [Infineon Technologies Sensor Hub Nano DPS310](#)
Infineon Technologies sensor hub nano DPS310 is an IoT sensor development platform for the DPS310 XENSIV digital barometric pressure sensor, controlled by an XMC1100 32-bit Arm Cortex-M0 microcontroller.
- [Monolithic Power Systems MPQ3369-AEC1 WLED Driver](#)
Monolithic Power Systems MPQ3369-AEC1 is a step-up converter with six-channel current sources, designed to drive white LED arrays as backlighting in small to mid-size LCD panels.

With its broad product line and unsurpassed customer service, Mouser strives to empower innovation among design engineers and buyers by delivering advanced technologies. Mouser stocks the world's widest selection of the latest semiconductors and electronic components for the newest design projects. Mouser Electronics' website is continually updated and offers advanced search methods to help customers quickly locate inventory. Mouser.com also houses data sheets, supplier-specific reference designs, application notes, technical design information, and engineering tools.

About Mouser Electronics

Mouser Electronics, a Berkshire Hathaway company, is an award-winning, authorized semiconductor and electronic component distributor focused on rapid New Product Introductions from its manufacturing partners for electronic design engineers and buyers. The global distributor's website, Mouser.com, is available in multiple languages and currencies and features more than 5 million products from over 800 manufacturers. Mouser offers 27 support locations around the world to provide best-in-class customer service and ships globally to over 630,000 customers in 223 countries/territories from its 1 million sq. ft. state-of-the-art facilities south of Dallas, Texas.
